Dear Parents and Guardians,

RE: Parent Questionnaire

At Rushden Primary Academy, we know that working in partnership with families has many benefits for our children. We value all feedback from our stakeholders and as a learning community we are really keen to hear what parents believe we are doing well, as well as the areas where parents would like to see improvements.

Thank you to all of the parents who completed our Maths parent survey. Below is a summary of the main findings. Key highlights from our Maths survey include:

Statement	Strongly Agree and Agree
Maths is a subject in which I (as a parent) feel confident.	79%
I feel confident to help my child in their Maths work.	79%
Helping my child with their Maths is anxiety/conflict free.	60%
My child enjoys Maths at school.	72%
Maths is a subject in which my child feels confident.	68%
I am kept well informed about what my child is studying in Maths.	32%
The homework that is given builds well on what my child learns at school.	42%
I am kept well informed in yearly reports, about my child's progress in Maths.	65%
(Y2-Y4 only) My child has accessed TT Rocks Stars at home and enjoys it.	67%
I would like to attend a practical Maths session in my child's class.	65%
I am familiar with my child's Maths target.	30%

The two main areas which parents have identified as areas we need to improve further are:

- 36% of parents would like to be better informed about what their child studies in Maths
- 24% feel that the homework builds on their children's maths skills

Following this, we have researched new and easy ways to set homework and keep you informed about your child's learning. We are pleased to say that we have now purchased two new learning platforms which will be launched next week. As a result, we would like to invite you all to attend a Maths Assembly on

Friday 20th April at 9.00am in the school Hall

This is instead of our usual Celebration Assembly. During this session you will be able to register your child and have a closer look at the new software. Please note that your child **will not be able to access** these unless you register them. We kindly ask that you let your child's class teacher if you are unable to attend.

Thank you for your continued support.

Mrs M Patrick
Maths Leader
