

 <p><b>RUSHDEN PRIMARY ACADEMY</b></p>	<p>Driver: History</p> <p><b>Theme: I am a Year 3 pupil, how advanced were the civilisations 3000 years ago?</b></p>	<p>Year 3 Spring 1 2023-2024</p>
<p>As writers we will... create a non-chronological report about the country of Egypt. Children will explore the use of fronted adverbials and different ways of structuring our writing. Later, the children will write a narrative with a twist.</p> 	<p>As mathematicians we will... be applying our knowledge of multiplication, division, addition, and subtraction to solve 2 step problems. The children will also deepen their understanding of multiplication and division this term.</p> 	<p>As scientists we will... describe how forces are everywhere! The children will experiment by looking at contact and non-contact forces and predict how they might influence the objects around us. This will further build on our scientific knowledge of the physical world.</p> 
 <p>As historians we will... look at a variety of texts to explore the ancient civilizations that existed in the past. We will begin to uncover what made Ancient Egypt so special and the customs and beliefs that governed the way people and society lived.</p>	<div> <div> <p><b>Our focus skill for this term will be:</b></p>  <p>Speaking</p> </div> <div> <p><b>Reading for pleasure texts</b></p>  </div> </div>	<p>As technicians we will... be exploring how to sequence commands and that commands have an outcome. We will use Sphero technology to build sequences that have a start and clear order to change the appearance of an object.</p> 
<p>As artists we will... create an observational drawing of birds. We will look at the work of John James Audubon and use sketch pencils to mark make. We will explore scale, composition and how to create tone in drawing by shading.</p> 	 <p><b>Home Project</b></p> <p><i>Your home project, this term should demonstrate your independent learning about an ancient civilisations. Be as creative as you can!</i></p> <p><b>Possible projects but not limited to:</b> <b>Build a pyramid, present a news report about an ancient civilisation, create some artwork. Build a model.</b></p>	<p>In Religious Education we will... learn about the story of Easter and the pivotal role that Jesus played in the Easter story. Additionally, we will look at the impact of Easter on our culture and the significance of his sacrifice.</p> 
<p>As athletes we will... learn about the importance of multi-skills. These are techniques that help to develop our skill in a variety of different sports at games. Children will work on developing their overall fitness as well as accuracy and hand-eye co-ordination.</p> 	<p>As musicians we will... be looking at Reggae music and the influence that Bob Marley had on popular culture. Children will be learning how to sing and perform one of his songs while also getting to improvise and compose their own reggae melodies.</p> 	<p>In PSHE we will... learn about the importance of Dreams and Goals. Children will identify how setting goals can motivate and inspire them. This follows on from last term when we were thinking about 'Aiming High' – Ask your children about these amazing steps.</p> 
<div>  <p>As French speakers we will... be learning how to count in French and then how to use number words to give more information about ourselves.</p>  </div>
